July 2010

Hello Potential Symposium Speakers:

Thank you for your interest in supporting the Association of Camp Nurses (ACN). This year's annual Symposium will be held in San Diego, CA on Tuesday, February 8, 2011. We are partnering with the American Camp Association to provide a wonderful educational event. Several pieces of helpful information are provided below as you move forward as a potential speaker for the ACN symposium.

Assuming that you'd like to submit a presentation proposal for consideration after reading this information, please email the following to gaslin@courageouskids.org:

- Your Name
- Phone Number
- Second Phone Number
- Email address
- Topic Interested in Presenting

In the subject heading of the email please type "ACN Potential Speaker".

Once we receive this initial information, you will receive a presentation proposal packet via email. We ask that you complete that information and email back to ACN by **September 30th**. Additional instructions will follow in the speaker documents. Any incomplete or late speaker packets may not be considered for presentation at the symposium. We'd also like you to know these things now:

1. If selected as a speaker, ACN will deduct \$50 from your registration fee for the symposium. All other costs associated with participation in the event are the expense of each individual.
2. ACN will provide one year annual ACN membership dues following successful completion of your presentation at the Symposium. You must be a current member of ACN to receive this benefit.
3. Each speaker will be asked to bring copies of his/her presentation to the Symposium for distribution.

Thank you for your commitment to camp nursing. Through these efforts we can continue to raise awareness of the vital role camp nurses play in the pediatric healthcare of our nation. If you have questions, please contact me at gaslin@courageouskids.org. I look forward to hearing of your interest!

Sincerely,

Tracey Gaslin RN, PhD, CRNI, CPNP
Chair, Education Committee
Association of Camp Nurses
